BONCHI BONEIRU

Cuba Compagnie proudly serves their own unique coffee blend, freshly roasted on Bonaire by the island's first and only coffee roastery, Bonchi Boneiru. They started their roasting journey in 2022

because of their love for amazing coffee and to help coffee farmers by paying them a high, fair price for their high-quality coffees. The coffee in this blend comes from Cuba, Central- and South America. By doing this, Bonchi Boneiru can reduce the emissions from shipping by 92% compared to other coffees on the island. Oh, and they only buy high-quality, specialty coffee beans that they roast by hand in small batches to ensure that all the wonderful flavors in the coffee can be enjoyed by you! Thank you for trying our coffee, you're not only supporting small local businesses but also dozens of farmers in Central- and South America. Masha danki!
